Lead Web Developer

Web Developer | Digital Experience Leader | Marketing Technology Specialist

Digital Experience Leader with 20+ years of expertise delivering high-performance e-commerce websites in regulated industries. Expertise includes bridging marketing and engineering teams to translate strategy into scalable digital experiences across Shopify and custom CMS. Proven record of driving growth for 15+ consumer health brands, including a 107% increase in organic sales. A trusted partner for product launches, compliance-sensitive releases, and marketing technology integration.

CORE COMPETENCIES

Web Architecture & System Design | Front-End Development | Shopify & E-commerce | Technical SEO Implementation | Conversion Rate Optimization (CRO) | Analytics & Reporting | Marketing Technology Integration | Email Campaigns & Automation | UX Optimization

TECHNICAL SKILLS

Languages & Front-End: HTML, CSS, JavaScript, React, Shopify Liquid, SQL

Web & CMS: Shopify, HubSpot, WordPress, Drupal, custom (ASP.NET / VB), SaaS

Analytics, SEO, & GEO: Google Analytics (GA4) certified, Google Search Console, Looker Studio

Marketing & Automation: Klaviyo, Salesforce Marketing Cloud, Shopify Email

Experimentation & CRO: A/B testing, personalization, conversion rate optimization (CRO)

Tools & Platforms: Figma, Hotjar, OneTrust, Adobe Suite, Google Tag Manager

SELECTED ACCOMPLISHMENTS

Ownership & Scale

- Directed end-to-end website operations for 15+ consumer health brands, ensuring reliable execution of marketing campaigns, priority updates, and compliance-sensitive releases.
- Developed and managed Shopify-based DTC ecommerce and subscription membership platforms, supporting revenue growth and customer engagement initiatives.
- Engineered custom CMS modules for Shopify and HubSpot and an in-house .NET CMS with intuitive self-service tools, enabling marketing teams to make updates without developer support.

Growth, SEO & Performance

- Executed technical implementation of SEO initiatives with zero server-side errors, increasing organic search clicks by 62% and organic sales by 107% in 2025.
- Implemented A/B testing of audience-specific landing pages, optimizing messaging, layout, and offers to improve conversion rates.
- Implemented personalized experiences for authenticated users, dynamically adapting content and features based on behavior, status, or profile data, giving marketing teams greater control over targeted messaging and personalization.
- Drove continuous conversion rate optimization (CRO) through iterative UX improvements, friction reduction, and copy refinement to streamline the purchase funnel.

Regulatory & Risk Management

- Deployed emergency redevelopment of non-compliant website, delivering a fully responsive, FDA-compliant rebuild within one week and eliminating regulatory risk.
- Architected and deployed internal CMS built with ASP.NET/SQL to manage legal claims and track regulatory label approvals, improving cross-department visibility and replacing manual workflows.
- Collaborated with legal and marketing teams to implement GDPR-compliant privacy tracking and cookie management.

Reporting & Marketing Enablement

- Created and deployed email campaigns using Klaviyo and Salesforce Marketing Cloud, including workflows and enrollment forms.
- Established automated Looker Studio reporting systems, transforming complex analytics into customized monthly dashboards for marketing stakeholders.

PROFESSIONAL EXPERIENCE

PERRIGO COMPANY, Charlottesville, VA

2005 to 2026
